THE INDIAN CIVIL SERVICE FAMILY PENSION FUND RULES.

1.—(1) These Rules may be called the Indian Civil Service Family Pension Fund Rules.

(2) They apply (a) to All persons who, being on 31st March, 1937, subscribers to or beneficiaries under the Indian Civil Service Family Pension Rules then in force, did not, under the provisions of paragraph 19 of the Government of India (Family Pension Funds) Order, 1936, make objection to the vesting in Commissioners of their interest in the fund formed from contributions paid under those Rules.

(3) If any question arises as to whether these Rules apply or do not apply to any individual member of the Indian Civil Service or Burma Civil Service, Class I, the question shall be decided by the Secretary of State and his decision shall be final.

2.—(1) Every officer to whom these rules apply (hereinafter referred to as a subscriber) shall make, with effect from 1st April, 1937, or from the date of his arrival in India or Burma to take up his appointment, whichever is the later, the contributions and payments* hereinafter prescribed.

- (2) To the Accountant-General, Burma, when the subscriber is drawing pay in Burma or in a Colony to which he has gone direct from Burma, or
- (3) To the Controller of Pension Funds, India Office, Whitehall, London, S. W. 1, when the subscriber is drawing his pay in England or in a Colony to which he has gone direct from England.

†These clauses 11 (3) and 12 (3) are not to be read as implying an option of omitting or postponing any report that a subscriber is required to make under Rules 11 and 12. Intentional neglect to report is a breach of discipline.

12.—(1) Subject to the provisions of Rule 13, every subscriber in the Service‡ shall report in the form prescribed in the Sixth Schedule, within one month of its occurrence, the birth of every child born alive in wedlock, or, if he was married and had children living at the date of his arrival in India or Burma, he shall report their names and dates of birth within one month of that date.*

(2) No payment shall be required in respect of any child who dies within 30 days of birth.

(3) If the birth of a child is not reported within one month, the subscriber shall pay a fine of 12s. and a further fine of 2s. for each succeeding month's delay. If the delay exceeds 12 months, the subscriber may be required to produce medical evidence of the state of his health in the form prescribed in the Fifth Schedule, and the Secretary of State shall in each case decide whether, and, if so, on what terms, contribution for orphan's pension shall be required.†

12A. Contributions under Rule 7 shall not be payable by a subscriber in active service appointed before 1st April, 1910. Provided that if such a subscriber shall marry before retirement, he shall pay on marriage, in addition to the contributions specified in Rule 11, the sum of £200.

13. Reports shall not be accepted nor contributions or payments received in respect of any wife married during the life-time of another wife, or of any child born of a wife married as aforesaid; and no wife married as aforesaid or child born of such a marriage shall be entitled to any benefit under these Rules.**

14. Interest from the due date at the rate of 4 per cent. per annum shall be charged on monthly contributions or donations or any portion thereof remaining unpaid for more than one month from such date.

15. Any contribution or payment due at a subscriber's death shall be deducted, without any addition for interest beyond the date of death, in four quarterly instalments from the pensions due to his dependants:

Provided that if the sum due as aforesaid is more than half the annual amount of the pensions it shall be deducted in such a number of quarterly instalments as the Secretary of State may direct.

16. The widow or child of a deceased subscriber whose marriage or birth was not reported by the subscriber during his life-time in accordance with these Rules shall be entitled to no benefit under these Rules; but the Secretary of State may, on good cause being shown for the omission to report a marriage or birth, admit such a widow or child to a pension on terms to be fixed by him.

‡Retired officers, not being liable for subscription in respect of children born of marriages contracted before retirement, are not subject to the provisions of Rule 12, but they should, in the interests of their children, report every birth without delay, as failure to do so will entail loss of benefit under the provision of Rule 6.

*See note * on p. 465.

†See note † on p. 467.

**This Rule is designed to apply to subscribers who may lawfully have more than one wife living at the same time.

17.—(1) A posthumous child of a subscriber by a marriage contracted before retirement and duly reported in accordance with Rule 11 shall be entitled to pension without payment.

(2) No child shall be entitled to benefit under this Rule whose birth is not reported within 12 months of its occurrence.

18. Subject to the provisions of Rule 21, the pension of a widow under these Rules shall continue in full during widowhood. On remarriage she shall retain half her pension during coverture, but if she again become a widow she shall be entitled to revert to full pension, and, should her last husband have been a subscriber, to draw in addition pension as his widow. Reduction to the half rate shall take effect from the commencement of the quarter following that in which the remarriage occurred; the full pension shall be restored from the day following that on which the pensioner again becomes a widow.

19.—(1) Subject to the provisions of Rule 21, the pension of a male orphan shall be payable until he attains the age of 24:

Provided that in any case where it is shown that a male orphan on attaining the age of 24 years is by reason of mental or physical disability incapable of earning a livelihood, the Secretary of State may at his discretion permit such male orphan to continue to draw beyond that age a pension of an amount not exceeding that of which he is then in receipt:

Provided further that if a male orphan shall be over the age of 24 years on the date of his father's death, and if it shall be shown that by reason of mental or physical infirmity he was not at the age of 24 years and has not at any subsequent period been capable of earning a livelihood, the Secretary of State may at his discretion grant to him a pension of amount not exceeding that laid down in the Seventh Schedule to these Rules for children who are over 12 years of age.

(2) Subject as aforesaid the pension of a female orphan is payable until the end of the quarter in which she marries, and shall not revive upon widowhood. On marriage a female orphan shall be granted a donation of £250, which shall be payable by Government as provided in clause (b) of sub-rule (2) of Rule 2 of these Rules.

(3) The Secretary of State may at his discretion permit a portion of the pension of a male orphan who has reached the age of 16 years to be commuted with a view to the proceeds being applied to the pensioner's advancement in life.

(4) The pension of a minor orphan shall be paid to his or her mother or other duly appointed or recognised guardian.

20. Declarations shall be furnished quarterly as to the continued widowhood, spinsterhood or survival of pensioners as the case may be.*

21. Pensions under these Rules shall be tenable during good behaviour, and if the Secretary of State is satisfied that the pensioner is leading an immoral life or has been guilty of gross misconduct, he may withhold further payment in whole or in part, and an order to this effect by the Secretary of State shall be final and conclusive.

*Forms for the purpose of the declarations required by this Rule are supplied by the High Commissioner for India, India House, Aldwych, London, W. C. 2, or, in the case of pensioners receiving payment in India or Burma, by the Accountant-General, Central Revenues, New Delhi, or the Accountant-General, Burma, as the case may be.

22. A pension payable under these Rules shall enure for the benefit of the pensioner only, and no transfer, assignment or other alienation thereof shall be recognised.

23.—(1) A subscriber who marries after he has retired from the service on a pension may, if he so chooses, secure pension for his widow and for his children born of such marriage, on the conditions that reports* of occurrences are made within one month in the form prescribed in the Second or Sixth Schedule, as may be appropriate, and that a certificate of health in the form prescribed in the Fifth Schedule is furnished with the report of the marriage.

(2) Notwithstanding the provisions of Rule 8 there shall be payable on any marriage reported as aforesaid, and subject to the provisions of Rules 11, 14, and 23A, so far as they may be applicable, the donation prescribed in the Third Schedule, the disparity fine specified in the Fourth Schedule, and a further sum of £200.

23A. On the termination of the marriage of the subscriber by divorce or annulment he shall be liable thereafter until remarriage for subscription at the unmarried rate together with subscriptions for children, if any.

(2) Where the marriage has been terminated by divorce on the petition of the wife she shall be entitled after the death of her divorced husband to pension of half the amount met from the contributions of subscribers as shown in the Seventh Schedule according to the class of her husband on the date of termination of the marriage; Provided that

(a) On remarriage she shall forfeit absolutely all claim to benefit under this Rule; and

(b) Where the divorced husband has retired on proportionate pension the Secretary of State shall in each case declare the amount of the pension for which the divorced wife is eligible; but the amount so declared shall not be less than half the amount of the pension met from the contributions of subscribers to which she would have been entitled at the date of her divorce had her husband then died.

(3) Where the marriage has been terminated by divorce on the petition of the husband he shall be exempted on remarriage from payment of the donation specified in the Third Schedule to these Rules, but this exemption shall apply on the first subsequent remarriage only.

(4) In cases of annulment the subscriber shall be entitled to receive a lump sum the amount of which shall be fixed in each case by the Secretary of State.

(5) This Rule shall not apply in the case of marriages dissolved or annulled before 16th February, 1926.

*Forms for the purpose of the declarations required by this Rule are supplied by the High Commissioner for India, India House, Aldwych, London, W. C. 2, or, in the case of pensioners receiving payment in India or Burma, by the Accountant-General, Central Revenues, New Delhi, or the Accountant-General, Burma, as the case may be.

24. Every subscriber shall report† within one month of its occurrence the death of any dependant eligible for benefit under these Rules.

25.—(1) A subscriber who retires under the India Premature Retirement Rules, or the Burma Premature Retirement Rules may adopt, at his option, any one of the three following methods of retaining for his wife and children benefits under these Rules, namely:—

- (a) He may cease to make any contributions and payments under these Rules, and shall then retain only the right to a proportion of the contingent benefits under the Rules for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the number of his completed years' total service divided by 25, and the calculation shall be based upon the pension admissible to the widow of an officer of the class to which he belonged at the time of his retirement.
- (b) He may continue up to his 51st birthday to make contributions under these Rules at the rates payable by him at the date of retirement, and shall then retain the right to the full contingent benefits admissible under the Rules, according to his class on the date of his retirement, for his wife existing at the date of retirement, and for any children by her, whether born before or after retirement. Under this alternative, subscriptions will be payable under the Ordinary Rules for each child, whether born before or after retirement. In the event of the death of the wife, subscriptions at the bachelor rate appropriate to the subscriber's class on retirement will be payable until age 51.
- (c) He may continue up to his 51st birthday to make contributions and payments under these Rules at the rates which would have been payable by him from time to time had he remained in the Service. In that case he shall retain the full benefits admissible under the Rules as if he had remained in the Service until death or retirement with an ordinary pension:

Provided that, in the event of the officer failing to notify within three months of the date of his retirement the method selected by him, he shall be deemed to have elected the first of the above methods.

(2) There shall be repaid to the Indian Civil Service Family Pension Fund in accordance with the provisions of the Rules referred to in sub-rule (1) any loss thrown upon it by the operation of this Rule; and the decision of the Secretary of State as to the amount of such loss shall be final.

26. The pensions* payable under these rules, apart from any supplementary pensions secured under the provisions of Rule 26A, shall be of the amount specified in the Seventh Schedule.

*Application for admission to pension should be made to the Controller of Pension Funds, India Office, Whitehall, London, S. W. 1, or, if the applicant is in India or Burma, to the Accountant-General, Central Revenues, New Delhi, or the Accountant-General, Burma, as the case may be.

†Reports should be made as in the case of those required by Rules 11 and 12, which see.

26A. Any subscriber to whom these Rules apply may, at any time, subject to the conditions hereinafter prescribed, provide supplementary pensions for his wife, sons and daughters or any of them on the terms stated in the Eighth Schedule:

Provided that the supplementary pension secured to any one dependant shall not exceed the amount stated in the Ninth Schedule.

26A.—(1) Every officer applying to subscribe for supplementary pension under the above Rule shall produce medical evidence as to the state of his health in the form prescribed in the Fifth Schedule.

(2) Liability for contingent pension under the said Rule shall commence (a) in the case of pensions paid for by instalments from the date of the letter notifying acceptance of the application to subscribe, from which date instalments shall be payable; and (b) in the case of pensions paid for by single premium, from the date on which, after acceptance of the application, the single premium is paid.

27.—(1) Pensions under these Rules shall be payable quarterly in advance on 1st January, 1st April, 1st July and 1st October.

(2) Pensions under these Rules shall be payable in London in sterling.* Pensioners residing in India or Burma may, however, at their option, receive payment† there in rupees at the current rate of exchange. Provided that:—

(a) Pensioners who were receiving pension in India or Burma prior to the 1st February 1921 at 1s. 4d. the rupee shall, so long as they are in India or Burma and continue to have their permanent residence there, continue to receive it at a rate not less favourable than 1s. 4d. the rupee;

(b) pensioners who were admitted to pension before the 1st February 1921, or who are dependants of subscribers in the Service on that date, and who commenced or shall commence to receive payment in India or Burma after that date, shall, so long as they are in India or Burma and have their permanent residence there, receive payment at a rate not less favourable than 1s. 8d. the rupee.

(3) A pensioner residing in India or Burma who has elected to receive pension in that country shall not subsequently be permitted to change the place of payment except at the commencement of an official year.

28. References in these Rules to the Secretary of State shall be construed as references to the Secretary of State acting with the concurrence of his advisers in accordance with the provisions of Section 261 of the Government of India Act, 1935.

29. The Indian Civil Service Family Pension Rules hitherto in force are hereby repealed.

*By the High Commissioner for India, India House, Aldwych, London, W. C. 2.

RESOLUTION.

TARIFFS.

The 25th June 1938.

No. 202-T. (4)/38.—In their Commerce Department Resolution No. 202-T. (1)/36, dated the 11th December 1937, the Government of India, when referring to the Tariff Board for examination the question of what protective measures (if any) should be continued after the 31st March 1939 in respect of the paper and paper pulp industries in India, directed that if the Tariff Board during the course of its investigations should be satisfied that the revenue surcharge of 25 per cent. imposed in 1931 on the existing paper protective duties was no longer justifiable it would be at liberty to make its recommendations in this behalf in advance of its main report.

2. The Tariff Board has accordingly submitted an interim report dated the 30th March 1938 the main findings of which are as follows:—

- (i) But for the revenue surcharge the average margin of profit realised by the Paper Mills would not have been such as to give the return on the capital invested which the previous Tariff Board considered reasonable,

until 1937-38 when a substantial rise in the price of imported paper enabled the Mills to raise their selling limits.

- (ii) The three principal companies, who manufacture paper from bamboo or grass pulp, and whose combined output represented 85 per cent. of the total production in 1936-37, agree that having regard to the present level of prices of imported paper the continuance of the revenue surcharge is not necessary as a measure of protection. The other two companies are not in so strong a position and have pressed for the continuance of the surcharge as a measure of protection. These latter two companies have in the period under review used larger quantities of imported pulp and comparatively less indigenous material than the other three companies and have therefore a less strong claim for protection.
- (iii) In the case of new and reconstituted mills, taking even the Mills' own estimates of costs, the revenue surcharge is not required as a measure of protection at the prevailing level of prices.

- (iv) The continuance of the revenue surcharge on paper imposes an unnecessary burden on the consumer at the present level of prices and is not justifiable as essential to the development of the industry.
- (v) Action should be taken under Section 4 of the Indian Tariff Act if the price of any class of imported paper should fall to the level which would render the protective duty ineffective.
- (vi) A reduction in the price of pulp is obviously in the interests of both established and new mills to the extent to which imported pulp is used. Any considerable reduction might result in the substitution of imported pulp for pulp made from indigenous materials; but, taking into consideration the recent rise in the world price of wood pulp and the reduction in the cost of indigenous pulp since 1930-31, the removal of the surcharge is not likely to have this effect.

3. The Governor General in Council accepts these findings of the Tariff Board and has accordingly decided that the revenue surcharge on the protected classes of paper and on wood pulp should be removed forthwith by Notification under Section 4 of the Indian Tariff Act, 1934.

ORDER.—Ordered that a copy of the above Resolution be communicated to all Provincial Governments, Chief Commissioners, the Political Department and the Political Officers, all Departments of the Government of India (except the Home and External Affairs Departments), the Director General of Commercial Intelligence and Statistics, the Central Board of Revenue, the Indian Trade Commissioners, London, Hamburg, Milan, Mombasa and Osaka, the Secretary, Tariff Board, the High Commissioner for India, London, His Majesty's Trade Commissioner in India, the Canadian Trade Commissioner in India, all the Chambers of Commerce and Associations, the French Trade Commissioner in India, Burma and Ceylon, the Secretary, Imperial Council of Agricultural Research and the Chief Controller of Stores.

IMPORT AND EXPORT REGULATIONS.

Simla, the 16th July* 1938:

No. 201 (3) Tr. (I. E. R.)/38.—In exercise of the powers conferred by clause (i) of section 10, section 23 and sub-section (4) of section 27 of the Indian Tea Control Act, 1938 (VIII of 1938), the Central Government is pleased to make the following rules, namely:—

1. These rules may be called *the Indian Tea Control Rules, 1938*.

2. In these rules:—

(1) "Act" means the Indian Tea Control Act, 1938.

(2) "Replanted areas" means:—

(a) areas replanted after the 1st January 1926 but not after the 31st March 1933 in replacement of old tea uprooted;

(b) areas replanted after the 31st March 1933 in replacement of tea which was uprooted between 31st March 1931 and 31st March 1933 provided such uprooting was in or before the year selected for crop basis.

(3) "Low producing area" means the whole area planted with tea in a tea estate whose crop basis in the year 1938-39 with reference to the area planted with tea in that estate on the 31st March 1933 amounts to less than 456 pounds per acre.

3. Any owner of a tea estate wishing to apply for the re-determination of the crop basis under sub-section (3) of section 14 of the Act, shall send to the Committee a fee at the rate of annas eight per acre of existing tea under cultivation planted on the estate on or before the 31st December 1925 and shall furnish thereafter such particulars as may at any time be required by the Committee. Each application shall have reference to one estate only.

4. (a) The owner of a tea estate which contains young areas or replanted areas may apply to the Committee on or before 30th September 1938, for an addition to the crop basis of the tea estate in respect of the young areas and replanted areas concerned. Where such young areas consist of tea planted on virgin soil, after the 1st April 1938, in accordance with the provisions of the Act, such application may be filed at any time.

(b) On receipt of an application under sub-rule (a) the Committee may grant an addition to crop basis on the scale prescribed in the attached Schedule I (Allowances for young areas) for the locality concerned after making the deductions specified below:—

(1) any special hardship or "young clearings" allowance included in the crop basis for the year 1937-38, in accordance with the Rules under the Indian Tea Control Act, 1933, in respect of the young clearings concerned,

(2) any yield which the young areas concerned contributed to the production of the estate in that one of the years 1929 to 1932 taken by the estate for the purposes of its crop basis. If satisfactory evidence of such contribution is not forthcoming, the Committee shall make a deduction not greater than that shown in Schedule II (Contributions by young areas); and,

(3) any yield which replanted areas contributed, before their replanting, to the production of the estate in that one of the years 1929 to 1932 taken by the estate for the purposes of its crop basis. If satisfactory evidence of such contribution is not forthcoming, the Committee shall make a deduction not greater than that shown in Schedule I (Allowances for young areas):

Provided that the addition to crop basis on account of the existence of a young area planted after the 1st April 1938, shall, during each of the first seven years of its planting, be deemed to be the amount set out in Schedule II (Contributions by young areas) as the contribution, during the corresponding year of the first seven years of their planting, by young areas in the same locality.

(c) Where permission to plant tea on land not previously planted with tea is granted under section 29 of the Act, no addition to crop basis under this rule shall be made in respect of the area concerned.

5. The owner of an estate in a low producing area may, at the time of submitting his application for export quota, apply for an addition to crop basis for the particular financial year concerned. Such addition if granted, shall in the case of Darjeeling Hill gardens (specified in Schedule III) be as specified in Schedule IV, and in the case of other gardens be as specified in Schedule V, and shall be such amount per acre, on the land planted with tea on the estate on the 31st March in the financial year previous to that to which the application relates, as is specified in Column II of the Schedule in question:

Provided that no such addition shall be made unless it can be proved to the satisfaction of the Committee that, had such addition been given in the year previous to that to which the application relates, the estate would still have been able to produce an amount of manufactured tea equal to, or in excess of, the total amount of tea in respect of which licences could have been issued under the enhanced export quota. Where the principle laid down in the foregoing proviso so necessitates, the Committee may grant additions less than those specified in the Schedules.

6. References in these rules to the yield per acre or the production of tea, shall be construed as meaning the yield or production of manufactured tea, *i.e.*, tea either black or green produced in the usual manner for sale in the markets. Where tea is not manufactured by the estate concerned, or where evidence of the amount manufactured is not available, the production shall be assumed to be by weight one-fourth of the weight of green leaf produced.

7. The Committee may appoint inspectors or assessors for the purpose of assisting it in the determination or re-determination of the crop basis and in the discharge of its other duties. Such inspectors or assessors, if appointed, shall be not less than two in number and in case of a garden owned or controlled by Indians at least one of them shall be an Indian. The Committee may pay to them such fees as the Committee in meeting decide as well as actual travelling expenses.

8. Applications for export quota for the financial year commencing 1st April 1938 shall be filed with the Committee not later than the first day of August 1938. Applications for export quota in any subsequent financial year shall be filed not later than the 1st of February in the preceding financial year. Each such application shall be accompanied by a statement showing the crop basis of the estate. No quota shall be allotted unless application under this Rule is duly filed:

Provided that a tea estate which has been authorised by the Central Government under sub-section (1) of section 14 of the Act to apply for the allotment of an export quota, may make its first application to the Committee within three months from the date of the orders of the Central Government; but its subsequent applications shall be made in accordance with this rule.

9. Any estate appealing to the Central Government under section 7 of the Act shall forward such appeal in duplicate to the Secretary to the Government of India, Department of Commerce, within sixty days of the order against which the appeal is preferred and shall forward a copy of such appeal to the Secretary of the Committee, Calcutta. The orders of the Central Government, who may make such enquiries as they may deem necessary, shall be communicated direct by the Central Government to the estate concerned and a copy of such orders shall be forwarded to the Secretary of the Committee, Calcutta.

10. An estate appealing under section 7 (2) of the Act to the High Court of the Province within which the estate is situated shall at the same time intimate to the Central Government that an appeal to the High Court has been filed.

11. (1) The owner of a tea waste desirous of planting tea—in accordance with the provisions of sections 26 and 27 of the Act—on land not planted with tea at the 31st March 1938, shall apply to the Committee on or before the 30th September 1938 and shall furnish such details as may be required by the Committee.

(2) Every application shall be accompanied by a survey map of the estate showing (i) the full extent of the acreage of the garden, and (ii) particulars of the plantings in each year on the total acreage of the estate previously planted with tea but from which the tea bushes have been uprooted, and lying fallow on the 31st March 1938. The Committee may order an inspection of the estate and of its records to satisfy themselves as to the accuracy of the map and for the purposes of their consideration of the application.

(3) No such application shall be admitted if during the period from the 1st April 1928 to 31st March 1933, no tea was planted.

(4) (a) Where the Committee consider that permission to plant tea under section 26 of the Act ought to be granted, they shall first ascertain the total area planted between the 1st April 1928 and the 31st March 1933 in the estate concerned;

(b) as soon as may be after the 30th September 1938 the Committee shall in respect of each Province divide the area determined under section 27 (3) of the Act amongst the applicant estates in the Province in proportion to the areas ascertained under clause (a):

Provided that the Committee may relax the application of this clause in the case of an estate which in the opinion of the Committee deserves special consideration on account of circumstances, outside the control of the owner or of any previous owner, affecting the development of the estate:

Provided further that, subject to the provisions of section 27(1) of the Act, the Committee may at any time grant permission to extend to the Tocklai and Nellakotta experimental stations.

12. The Forms set out in Schedule VI to these Rules shall be used for the purposes of the provisions of the Act referred to in each Form. The Committee may either generally or in any particular case require such additions as it may consider necessary to be made to any such form.

OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE VICEROY.

NOTIFICATION.

Simla, 14th August 1938.

No. 105-H.—His Excellency the Viceroy has been pleased to confer the Indian Police Medal on the following officer:—

Bengal.

Maulvi Sheikh Borhan, Assistant Sub-Inspector of Police, Rajshahi.—On 8th May 1938, Sub-Inspector Moslehuddin Ahmad, the officer-in-charge of Raninagar police-station in the district of Rajshahi, was investigating a dacoity case which had occurred in the house of one Gazi Sardar, along with Assistant Sub-Inspector Sheikh Borhan. The officers were making enquiries as to the whereabouts of one of the suspects in this dacoity case named Basir Sardar, when the latter came to the house in which the two officers were sitting taking their food and stabbed a chaukidar who was on the verandah of the house and then ran into the house to attack the Sub-Inspector. The chaukidar died. Basir Sardar stabbed the Sub-Inspector in the body and Assistant Sub-Inspector Sheikh Borhan thereupon closed with the assailant, who again attempted to stab the Sub-Inspector but the Assistant Sub-Inspector seized the sharp end of the spear and deflected the blow. Sheikh Borhan was unable to hold the spear firmly and Basir Sardar therefore again attempted to attack the Sub-Inspector, but the Assistant Sub-Inspector in spite of being badly wounded in the hand, retained his hold of the accused and prevented him from delivering another blow at the Sub-Inspector. Moslehuddin Ahmad, subsequently recovered from his wounds.

The courage and presence of mind displayed by Assistant Sub-Inspector Sheikh Borhan were extremely praiseworthy.

This award is made for gallantry under regulation 2(i) of the regulations governing the grant of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

(5) Nothing in sub-regulations (2), (3) and (4) shall apply to workings in a mine made before the coming into force of this regulation. In such workings the following provisions shall apply, except in depillaring operations:—

- (2) Save as provided by sub-regulation (3), no pillars shall be reduced or split in such a manner as to reduce the dimensions of the resultant pillars below those required by regulation 77 or by any order passed thereunder, nor shall any gallery be so heightened as to exceed the height required by or under that regulation.
- (3) During the systematic extraction of pillars no "splitting" or reduction of pillars or the heightening of galleries shall be effected for a greater distance than the length of two pillars ahead of the pillar that is being extracted or from the point at which pillar extraction is about to begin.

"78A. Nothing in regulation 77 or regulation 78 shall prevent the driving of any gallery through any pillar or the enlargement of any gallery beyond the limits prescribed by or under these regulations when in the opinion of the manager such work is necessary for haulage, ventilation, drainage or any other purpose necessary for the proper working of the mine, if a week's previous notice of the intention to undertake such work has been sent to the Inspector."

IV. For regulation 80, the following regulation shall be substituted, namely:—

- "80. (1) In any mine in which two or more seams or sections of a seam are close to each other, the pillars in the one seam or section shall, where the strata are not highly inclined, be, as far as practicable, vertically above or below the pillars in the other seam or section.
- (2) No work in a higher seam or section shall be done over an area in a lower seam or section which may collapse unexpectedly.
- (3) No seam in a mine shall be worked in more than one section without the permission in writing of the Chief Inspector and under such conditions for ensuring the stability and safety of the workings as he may specify.
- (4) Every application for permission under sub-regulation (3) shall be accompanied by a plan showing the proposed layout of the workings, the thickness of the seam, the depth of the seam from the surface, the rate and direction of dip, the dimensions of pillars and galleries in each section and the thickness of the parting between the sections.
- (5) Where a seam in a mine is worked in two or more sections every such section shall be deemed to form a separate seam and the parting left between any two such sections shall not be less than 10 feet in thickness:

Provided that an Inspector may by order in writing—

- (a) permit a smaller thickness of parting, if he is of opinion that the stability of the workings will not be affected thereby, or
- (b) require a greater thickness of parting, if he is of opinion that such greater thickness is necessary for the safety of the workings."

V. After regulation 80, the following regulation shall be inserted, namely:—

"80A. If in any mine it appears to an Inspector authorised in this behalf in writing by the Chief Inspector that the provisions of regulation 77, regulation 78 or regulation 80 or of any order issued under any of those regulations have not been complied with, he may give notice in writing to the owner, agent or manager of the mine requiring him to take such protective measures, within such reasonable time, as he may specify in the notice; and in case of non-compliance, the Inspector may, by order in writing addressed to the person to whom the notice was given, prohibit the extraction of coal in any part of the mine until the requirements specified in the notice are complied with to his satisfaction."

VI. Sub-regulation (3) of regulation 81 shall be omitted.

VII. For regulation 82, the following regulation shall be substituted, namely:—

“82. (1) An appeal against any order passed by an Inspector under any of the following regulations, namely, regulations 68, 77, 78, 80, 80A and 81, may be preferred to the Chief Inspector and the order of the Chief Inspector thereon shall, save as otherwise provided in sub-regulation (2), be final.

(2) An appeal against any order passed by the Chief Inspector—

(a) under sub-regulation (3) of regulation 80; or

(b) on appeal under sub-regulation (1) of this regulation against any order of an Inspector passed under sub-regulation (6) of regulation 77 or sub-regulation (5) of regulation 80,

may be preferred to the Central Government, which shall refer the same to a Committee constituted in the manner laid down in sub-sections (1) and (2) of section 11 of the Act.

(3) The procedure laid down in sub-sections (3), (4) and (5) of section 11 of the Act shall apply to a reference made to a Committee under sub-regulation (2).

(4) Every order against which an appeal is preferred under sub-regulation (2) shall be complied with pending the receipt at the mine of the decision of the Committee:

Provided that the Committee may, on the application of the appellant, suspend the operation of the order appealed against pending the disposal of the appeal.”

VIII. Regulation 84 shall be re-numbered as sub-regulation (2) of that regulation, and before that sub-regulation as so re-numbered, the following sub-regulation shall be inserted, namely:—

“(1) No person shall work in any place in which he has not been ordered to work either by an official of the mine or by a person authorised in this behalf by an official of the mine.”

1. Cylinders for gases which at the usual working temperature and pressure remain in a gaseous state in the cylinder shall conform in every respect with the tests and requirements laid down in British Standard Specification No. 399/1930 or No. 400/1931. Each cylinder when ready to be put into service shall be subjected to a hydraulic stretch test, preferably by the "water-jacket"* method, and the proof pressure applied in this test shall be 3,000 lbs. per square inch. No pressure greater than the working pressure shall have been applied to any cylinder before the test. Each cylinder when ready to be put into service shall be subjected to a hydraulic stretch test preferably by the "water-jacket"* method and the proof pressure applied in this test shall be the value of P calculated from the formula $P = 2 \text{ ft/D} - t$ where D is the outside diameter of the cylinder in inches, t is the thickness of the wall in inches and f has the value of 33,600 pounds per square inch. The test pressure for cylinders for carbon dioxide, nitrous oxide and ethylene is 3,360 lbs. per square inch in all cases. *The "water-jacket" method is that in which the cylinder is enclosed in a vessel filled with water and which is fitted with a gauge glass projecting from its upper cover. The changes in volume of the cylinder on applying and after removal of the internal hydraulic pressure are measured by the changes in level of the water in the gauge glass.

3. Cylinders manufactured prior to 1st September 1931 may be made of wrought iron or lap welded or seamless steel containing not more than 0.25 per cent. of carbon and not less than 99 per cent. of total iron, the ultimate stress of the steel being not less than 26 tons per square inch and not more than 33 tons per square inch and the ultimate elongation not less than 1.2 inches on a test piece of 8-inch gauge length cut from a finished cylinder. Any cylinder which fails to pass the test shall be destroyed or rendered useless.

4. Valve fittings for cylinders shall comply in all respects with the specification for valve fittings for gas cylinders set out in the British Standard Specification No. 341 of 1931 and the valve fittings for cylinders for Carbon Dioxide shall be provided in the body of the fitting with a safety release consisting of a softened copper disc so arranged as to burst at a pressure between 2,600 and 2,850 pounds per square inch.

When the valve of a cylinder is wholly protected by an extension of the cylinder body the identification colour band adjacent to the valve shall be painted on the extension both internally and externally, and when two identifying bands are required, in such cases the second band shall be painted immediately below the first band on the external surface of the cylinder. (See Fig. I.)

For cylinders for medical purposes, the name or chemical symbol of the gas shall be stencilled or painted on or near the shoulder of the cylinder. In the case of coir covered cylinders the name or chemical symbol of the gas shall also be stamped on a metal tag attached to the covering.

Any other distinguishing bands or marks, painted on the cylinder by the gas manufacturer or filler for his own purposes, shall be placed on the body of the cylinder. The neck of the cylinder may have a painted aluminium panel to show up the marking.

For gases other than those provided for in Tables I and II the cylinders shall be specially labelled indicating the nature of the contents.

STANDARD COLOURS.

3. The colours used both for the ground colour and the distinguishing colour band shall be in accordance with the British Standard Schedule of Colours for Ready Mixed Paints No. 381. (See Appendix.)

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General-in-Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. Two vacancies will be offered for admission to the Executive Branch and one to the Engineer Branch of the Royal Indian Navy.

4. The examination will be the same for all arms of the Indian Army, i.e., Cavalry, Artillery, Signals, Engineers and Infantry. All candidates on joining the Indian Military Academy may volunteer to be considered for the technical arms, and will be given a test examination in Mathematics. Those who show a satisfactory standard of knowledge will be formed into a Preparatory Woolwich Wing during the 1st and 2nd terms.

At the end of the 2nd term the Commandant will select the cadets to form a Woolwich Wing.

5. Candidates for admission to the Indian Military Academy must have been born not earlier than the 2nd May 1919, and not later than the 1st May 1921. Candidates for the Royal Indian Navy examination must have been born not earlier than the 2nd October 1919, and not later than the 1st October 1921. *These age limits can in no case be relaxed.*

Copies of the Rules and the Application Form, etc., may be obtained from the Provincial Government, Administration or Durbar concerned.

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED, ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION. CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

Note.—If any candidate has appeared at the examination held in October 1938, for entry to the Indian Military Academy or the Royal Indian Navy, and, not being successful thereat, wishes to appear at the examination to be held in March/April, 1939, he must submit his application by the prescribed date without waiting for the results of the former examination. OFFICE OF THE PRIVATE SECRETARY TO THE VICEROY.

NOTIFICATION.

New Delhi, the 15th December 1938.

No. 140-II.—His Excellency the Viceroy has been pleased to confer the Indian Police Medal on the following officers:—

Bengal.

1. Babu Keshab Lal Biswas, Assistant Sub-Inspector, Faridpur.—On 8th May 1937, Babu Keshab Lal Biswas, an Assistant Sub-Inspector attached to the Madaripur police-station in the Faridpur district, while returning from night patrol with 2 constables, received information that a riot was likely in village Kalikapur. He hastened to the village and found about 1,500 people in two parties, making preparations to attack each other. The Assistant Sub-Inspector warned both parties that unless they dispersed, action would be taken against them. The police had only 1 gun. The Assistant Sub-Inspector finding his warning of no avail, opened fire on the mob and shot 1 member of each of the opposing parties. His action averted a severe riot in which many lives would have undoubtedly been.

2. Babu Sakhi Charan Mondal, Assistant Sub-Inspector of Police, Faridpur.—On 10th February 1938, Babu Sakhi Charan Mondal, an Assistant Sub-Inspector attached to Kotali-para police-station in the Faridpur district, was ordered to take 2 constables armed with muskets to prevent a breach of the peace near Chhatrakanda. On arrival at the spot he saw about 500 Namasudras and 400 or 500 Muh-
madans assembled with spears and other weapons. The two parties were obviously preparing to attack one another. The police took up a position between the parties and the Assistant Sub-Inspector warned them that if they did not disperse he would open fire. This warning was of no avail and the two parties actually began to attack each other. The Assistant Sub-Inspector fired 3 shots at the feet of the rioters and they ultimately withdrew to their respective homes. Many persons on both sides were wounded by the opposite party.

The action of this Assistant Sub-Inspector in intervening between two riotous mobs with such a small force at his disposal was an act of conspicuous gallantry.

3. Maulvi Sikander Mian, Officiating Assistant Sub-Inspector of Police, Noakhali.—Soon after midday on the 7th of April 1938 Assistant Sub-Inspector Sikander Mian, who was temporarily in charge of Ramgati police-station, received information that a riotous armed mob of about 200 was collecting at

Kaliachar a place in the charland about 12 miles distant. With 4 constables, 2 of whom he armed with guns, he left the police-station and arrived at Kaliachar to find the mob burning houses and pillaging. On the arrival of the police party the miscreants ran away and were pursued by the police and villagers. One of the rioters was caught by a villager, whereupon the remainder turned and attacked the police party. By accident they fatally injured the man who had been taken prisoner, which so infuriated them that their attitude became murderous. With commendable promptitude and presence of mind the Assistant Sub-Inspector ordered 1 constable to fire, which he did. Although the shot struck no one it had the desired effect of again putting the mob to flight, and enabled the police to take 3 more prisoners.

By the promptness of his action in turning out his little force and hastening to the scene,

by his resolution in attacking such overwhelming number and his commendable coolness in ordering the opening of fire at the right moment, the Assistant Sub-Inspector not only upheld the prestige of the police but rendered valuable service connoting resource and devotion to duty, and thereby undoubtedly prevented much more damage to property and perhaps to life. The magisterial enquiry justified the firing and highly commended the Assistant Sub-Inspector's action.

These awards are made for gallantry under regulation d(i) of the regulations governing the grant of the Indian Police Medal and consequently carry with them the special allowance admissible to officers of and below the rank of Inspector of Police.

Private Secretary to the Viceroy.

A note on the Pupil's materials in the Drawing Class.

It appears (though it is not very clearly put in the syllabus) that work in classes 3 and 4 is in pencil and pastel. In class 4 water colour is introduced.

Pencil work requires a drawing book containing white drawing paper, a decent pencil, a piece of good India rubber, and two or three sharp knives in the class. At present a great deal of the drawing is done in ordinary khata, with cheap pencils having blunt points, and a wet finger is used as a substitute for India rubber.

Pastel work requires a book of coloured paper, one box of about 10 colours for each child, and a stock of the deeper colours in *dur* or *demidur* crayons for general use. These deeper colours are rather more expensive than the usual, costing from 1d. to 6d. a stick; they are unobtainable in India; they have to be obtained from London or direct from Le France in Paris. Without these colours it is impossible to

give a correct representation of many objects, e.g., the shadows on a leaf or fruit require a deep blue-green which is not contained in the standard boxes of the pupils.

To get good work in water colour it is absolutely necessary that the pupils should use good colours—and the right colours. It is usually considered best for the teacher to have the colours in tubes and to press out small dabs of the colours needed on to the pupil's palette. The ordinary paint boxes sold in stationery shops contain more colours than the child should use, and those of a very bad quality.

In short the pencils, pastels and colours must be supplied by the school; not by the individual. This is not only cheaper for the parent, but is also an essential condition of good work.

The subject of examination with their subdivision or group (*e.g.*, Vyakaran—*laghukaumudi*, *Saraswat*, etc., or *Nayaya ka*, *kha*, etc.) must be distinctly and definitely written in the application form. *In absence of such details the application will be liable to rejection without any further reference to the candidate or his Adhyapaka.*

7. The *Adhyapakas* are, therefore, requested to exercise great watchfulness in revising the application forms of their candidates so that the forms are properly filled in before they are sent to the Secretaries of the local Samajas (in the case of the First and Second Examinations) and to the Secretary of the Bengal Sanskrit Association (in the case of the Title Examination) and that all details regarding the specification of subjects and their groups, names of candidates, etc., are duly attended to.

8. No change of subject will, under any circumstances, be allowed after the applications of candidates for the First and Second Examinations have been received by the Secretaries of the local Samajas in case of the First and Second Examinations and by the office of the Secretary, Bengal Sanskrit Association, in case of the Title Examination.

9. Applications for change of centre will not be considered even on payment of the usual fee of Rs. 2 if they are not received within the 2nd January 1939, corresponding to the 17th Paus 1345 B.S.

10. Candidates desirous of appearing at more than one examination in one year in one subject must take special permission from the Secretary, Bengal Sanskrit Association, before they submit their forms and fees to the Secretaries of the local Samajas (in the case of the First and Second Examinations) or to the Secretary of the Bengal Sanskrit Association (in the case of the Title Examination). Applications for such special permission should definitely state the names of the subject and centre in which the candidate will appear and should reach the office of the Bengal Sanskrit Association on or before the 7th November 1938 (21st Kartik) (in the case of the First and Second Examinations) and the 26th November (10th Agrahayan) (in case of the Title Examination) after which no such application will be entertained.

11. If any candidate is found appearing at more than one examination in one year in one subject without obtaining special permission for the same from the Secretary, Bengal Sanskrit Association, the application will be liable to rejection.

12. In case of more than one examination in the same subject in the same year or in case of any change of centre the Secretaries of local Samajas or the Superintendents of Examinations should, on no account, allow any candidate to sit for examination unless he can show evidence that he has been granted by the Secretary, Bengal Sanskrit Association, permission for more than one examination or permission for centre-change, as the case may be.

13. Candidates and their *Adhyapakas* are hereby informed that the office of the Bengal Sanskrit Association neither directly issues any application forms nor entertains the same, so far as the First and Second Examinations are concerned. *The Association office does not undertake any responsibility in case of loss or otherwise of the fees and forms for the First and Second Examinations if these are sent direct to it.*

14. The Sanskrit Title Examination will be held on Monday, the 6th February, Tuesday, the 7th February, Wednesday, the 8th February, and Thursday, the 9th February 1939 corresponding to 23rd, 24th, 25th and 26th Magh 1345 B.S. An optional examination in English Grammar, Translation and Composition will be held on Friday, the 10th February 1939 (the 27th Magh 1345 B.S.).

15. Applications for permission to appear at the Title Examination should be made to the undersigned on or before the 1st December 1938 (the 15th Agrahayan 1345 B.S.) with the usual fee of Rs. 3 only. No application will be entertained with a fee of Rs. 3 if both the fee and the application do not reach the office within the 1st December 1938. Applications will be received with a fine of eight annas for each application up to the 12th December 1938 (26th Agrahayan 1345 B.S.) after which no further application will be entertained.

16. If the Admit cards of the candidate of the Title Examination are not received by the candidates or the *Adhyapakas* within

a month from the last date of fee-collection, the *Adhyapakas* or the candidates are requested to bring the matter to the notice of the Secretary, Bengal Sanskrit Association.

17. Candidates and their *Adhyapakas* are hereby informed that in sending fees for the Title Examination by money-order the details, i.e., names of candidates, names and addresses of *Adhyapakas*, the total amount sent, etc., should be clearly written in the money-order coupon.

Money-order without such details will not be accepted.

No application for the Title Examination should reach the office later than the money-order remitting fees for the same.

If an application is received in due time but the money-order remitting the fee for the same is not received in due time the application will not be accepted.

The Secretary regrets to say that unless the above instructions are strictly followed by the candidates or by the *Adhyapakas* he will be forced to reject the applications.

18. *Adhyapakas* of candidates while sending fees and applications are hereby requested to send, a statement showing the names of his pupils appearing in different subjects, to the Secretary of the local centres in case of the First and Second Examinations and to the Secretary, Bengal Sanskrit Association, in case of the Title Examination. (This statement is required in the interest of *Adhyapakas* for adding up marks of candidates for the preparation of stipend list).

19. Applications for printed copies of Title Examination application forms should be made to the Secretary, Bengal Sanskrit Association.

The time of the examination is from 12 a.m. to 4 p.m.

Problems.

Bisection of angles, and straight lines.
 Construction of perpendiculars to straight lines.
 Constructions of an angle equal to a given angle.
 Construction of parallels to a given straight line.

Theorems.

If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.

Any two sides of a triangle are together greater than the third.

Of all straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

When a straight line cuts two other straight lines, if—

- (1) a pair of alternate angles are equal, or
- (2) a pair of corresponding angles are equal, or
- (3) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

Division of straight lines into any number of equal parts.
 Construction of triangles and quadrilaterals with sufficient data.
 Construction of a triangle equal in area to a given quadrilateral.

Theorems.

The sum of the angles of a triangle is equal to two right angles; and the two corollaries thereto.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal and one other side of the one equal to one other side of the other, the triangles are congruent.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram; and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.
